

Dear Senator schumer

I am writing to urge you to fight the proposed deal between Verizon's subsidiary Verizon Wireless and Cable Companies. The FCC and DOJ should not approve this deal, which destroys good unions jobs, and also is bad for the customer.

This proposed ends a historic competition between Verizon and the cable companies, including Comcast and Time Warner. Verizon through its subsidiary Verizon Wireless, will form a giant, unregulated quasi-monopoly with the cable company.

The deal will be very profitable for Verizon wireless and cable, ending any incentive to invest in F.I.O.S. and compete against cable. There will be fewer jobs building, maintaining service and installing the F.I.O.S. network.

Buffalo, Syracuse, Albany, other upstate cities rural areas as well as Eastern Long Island, will all get left behind with no cable competition, costing CWA and IBEW jobs. Even regions with Fios could be affected since there will be far less incentive to invest in the network.

The FCC and DOJ should not approve this deal, which destroys good, union jobs, and is also bad for customers.

This proposed deal ends a historic competition between Verizon and the cable companies, including Comcast, and Time Warner. Verizon through its subsidiary Verizon Wireless, will form a giant, unregulated quasi-monopoly with the cable companies.

This deal will be very profitable for Verizon Wireless and cable, ending any incentive to invest in FiOS and compete against cable. There will be fewer jobs, maintaining, servicing and installing the FiOS network.

Buffalo, Syracuse, Albany and other upstate cities and rural areas as well

as Eastern Long Island, will all get left behind with no cable competition, costing CWA and IBEW jobs. Even regions with FIOS will be affected, since there will be less incentive to invest in the network.

I am urging you to reject this proposed deal as it will destroy jobs, and hurt consumers.

Thank you so kindly for your consideration

Sincerely,

Dear Senator Gillibrand,

I am writing to urge you to fight the proposed deal between Verizon's subsidiary Verizon Wireless and the Cable companies. The FCC and DOJ should not approve the deal, which destroys good, union jobs, and is also bad for consumers.

This proposed deal ends a historic competition between Verizon and the Cable companies, including Comcast and Time Warner. Verizon, through its subsidiary Verizon Wireless, will form a great, unregulated quasi-monopoly with the Cable companies.

This deal will be very profitable for Verizon Wireless and cable, ending any incentive to invest in FiOs and compete against Cable. There will be fewer jobs building, maintaining, servicing and installing the FiOs network.

Buffalo, Syracuse, Albany, the Upstate cities and rural areas, as well as Eastern Long Island, will all get left behind with no cable competition, costing CWA and IBEW jobs. Even regions with FiOs could be affected, since there will be far less incentive to invest in the network.

I urge you to reject this proposed deal because it will destroy jobs, as well as hurt consumers. Thank you for your consideration.

Sincerely,
